We did collect water samples from Hicksville and Bethpage Water Districts. Northrop-Grumman collected water samples from Plainview Water Districts (Northeast of Northrop-Grumman), from all the Hicksville Water District wells, Levittown and South Farmingdale water districts. Northrop-Grumman will submit the data to us.

Thanks Henry. Was this for just the Bethpage Water District?

Carol,
We finished collecting our last rad samples on December 8. Now we are waiting for the lab results. We didn't have any problems with the Water Districts.

Happy Thursday. I was asked to find out about the status of the sampling DEC had agreed to do for Rad 226/228 at the BWD wells and/or any other water supply wells that were requested by the water districts. Just wondering if this had been done yet, and/or if there were any obstacles. (For example, I think one of the wells may have been off-line?)

Thanks,
Carol
